### A Word or Two by Dr. Kevin Moore

I'm looking forward to Dr. Andy Hale coming on Sunday, May 5th. Part of his time with us will be spent on sharing information about a new initiative from CBFNC called "Helping Churches Thrive." This is geared towards helping local congregations take stock of what God is currently doing in their midst, and discerning where God is leading for the future.

We all realize the current world we live in has drastically changed. For some who are older, you have seen far greater changes than those in my generation and younger. The Church as a whole has been known to lag when it comes to staying relevant with a changing culture. I think this is because many of us choose to stop dreaming about what could be, and rather focus on what is present or in the past.

With that said, I dare us at LBC to dream God-sized dreams. Our starting place will be in prayer. Our actions will be centered on following Christ. Jesus will lead the way. Our spirits have to be willing and our heart's have to be open. ~Kevin

## HELPING CHURCHES THRIVE
